INVESTMENT OFFER 2020

Dockstar product_ international patent application No: PCT/HU2019/000026

MORE SAFETY – MORE COMFORT – MORE HARBOUR CAPACITY

The product is a customized floating dock for yachts equipped with high tech communicational tools, which all together enables fast and safe rope free mooring. Even the less experienced yacht captains become able to moor without any assistance in a safe and comfortable way. There will be 5 size categories for yachts between 20-70 feet. Dockstar rope free mooring dock offers a more comfortable, faster and safer way of mooring for yachts.
